

## U8 Rules

1. When the ball is hit to the outfield, the player must stop at second base (the player must get to second safely).
2. A runner on third base shall be frozen there until hit or forced in (walked in). They cannot advance on an overthrow or a fly out.
3. When a batter is walked, all play is dead until the next ball is pitched. If there is a base runner on third with bases loaded, the base runner must keep his/her helmet on until he/she returns to the bench. If any base runner takes his/her helmet off while in the field of play, they will be called out.
4. Any type or style of glove may be worn by the players.
5. Parents or Coaches are to pitch and catch for the kids. Kids will get 5 pitches to hit the ball.
6. Runners may not leave their bases until the batter has made contact with the ball.
